

Meet EasyCraft

STYLISH INTERIOR CLADDING

One of the most unique things about **EasyCraft** products is that they're made from MDF rather than plywood. The first of its kind offered at Plyco, this MDF cladding can find itself shooting to the top of your wishlist when you take in everything it has to offer.

Firstly, EasyCraft timber wall cladding provides you with three visually distinct options. The **easyVJ100**, **easyREGENCY** and **easyLINE** are all completely unique, allowing you to assess the options and find the perfect style for your build. Additionally, EasyCraft products are extremely simple to install. The "easy" part of the name truly isn't there just for show and makes it the perfect choice for decorative timber wall panels!

Your wallet will also be thrilled to hear that EasyCraft is the most cost-friendly wall panelling product too. Thanks to utilising an MDF substrate you're able to save money while still taking advantage of a strong product with a stunning visual appearance.

For an overview of our EasyCraft products, read more about our collection below.

Technical Specifications

Custom Sizes

We offer two standard sheet sizes for easyREGENCY and easyLINE (2400 x 1200 and 3000 x 1200mm) and a third size for easyVJ (2700x1200), but via our Cut To Size service a custom sheet size can be tailored to your project.

Formaldehyde Free

All adhesives used in the manufacturing process of our EasyCraft range are formaldehyde free, making it safe for use in classrooms, design studios and anywhere else you might find yourself working.

Mix and Match

There is plenty of variety available when it comes to Plyco's EasyCraft. Choose from three unique EasyCraft panels that each offers a distinct and unique look.

Interior Style

Designed specifically for interior applications, you won't need to worry about these stylish cladding sheets standing out like a sore thumb.

EasyCraft Product Range Make Cladding Easy

EasyCraft

Available in three distinct options: easyVJ, easyREGENCY and easyLINE. Each possess unique visual characteristics to give the best opportunity to find a sheet that suits your needs.

Product Benefits

Knowledge Base

Combined with expert advice, we offer EasyCraft and Cladding customers a growing online platform for sharing information on applications and project inspiration.
